LAVENDER SOFT

Skin & Hand Moisturiser

Softens and Moisturises Hands

LAVENDER SOFT is a pleasantly fragranced hand and skin moisturising sorbolene cream specially formulated for the softening and protection of skin and hands where dermal dryness arises due to working conditions, constant washing or anything that dries out skin. It is a formulated cream that when applied to the skin on your hands and body will stop the skin from cracking but reapplying moisturiser, to the dried out skin to soften and protect your skin. It is ideal for protecting hands that easily dry out and crack either naturally, as a result of use of harsh cleansers, solvents, excessive washing or through environmental conditions. It can also be applied to problematic dry skin areas to protect it and retain moisture to keep the skin soft.

A TIP FROM THE CHEMIST

To avoid dermal infection, which can often occur when using hand cleaners, make sure you use the dispensers supplied with Lavender Soft. This will eliminate disease transfer through the hand lubricant.
