

PRODUCT DATA SHEET

LAZER

ANTI-BACTERIAL HAND GEL

Fights Bacteria on Your Hands

LAZER is a anti-bacterial, non-rinse, hand gel solution. When applied it will provide a bacterial fighting action over your hands to reduce any chance of unwanted infection by bacteria and prepare your hands for the next task. LAZER will also enable you to perform a waterless cleanse. Shortly after application LAZER will evaporate away, eliminating the need for a water rinse or wiping of your hands.

FEATURES:

- Alcohol based quick drying
- Viscous formulation

BENEFITS:

- Fights bacteria and requires no rinse water
- Easy to spread gel

DIRECTIONS

Apply 1-2mls of LAZER to your hands. Spread all over hands and lightly, but thoroughly, rub in. LAZER will soon after evaporate and your hands residue free and treated for bacteria.

ACTIVE INGREDIENTS:

- 700ml/L Ethyl alcohol.

QUANTITY AVAILABLE and PRODUCT CODE:

- 5 Litre 40710365
- 500ml 4071035
- 1 Litre 4071036

CHEMICAL HAZARD STATUS:

- Flammable – Product will burn near naked flame. It evaporates quickly and presents no risk when dry.

A TIP FROM THE CHEMIST

The use of Lazer to fight bacteria on your hands is a highly beneficial time management technique. You will save a great deal of time and energy when you change from task to task without having to find a suitable sink to wash your hands each time.
