## TOY SANITISER

Sanitises Children's Toys

### Kills Germs on Toys and Play Equipment

TOY SANITISER is a multi-purpose sanitiser spray suitable for the sanitising all types of surfaces in children's play areas. This includes hard surfaces that children will readily come into contact with including; toys, play equipment, desks, benches, chairs, cupboards, kitchen area and eating utensil and plates. TOY SANITISER when diluted correctly and sprayed onto the surface, sanitises it, without leaving a residue that will adversely effect children handling toys and other surfaces where they play. TOY SANITISER when applied according to the directions is totally safe and will leave the surface sanitised.

#### FEATURES:

- Non-rinse sanitser spray

#### BENEFITS:

- Sanitises toys and contact surfaces by simply spraying and leaving

#### DIRECTIONS:

##### Spray and Wipe Sanitising:

1. Clean all soiled areas with an appropriate hard surface cleaner first.
2. For surface spray application, dilute TOY SANITISER 1 part with 20 parts water. Spray onto possible contact surfaces including benches, cupboards and toys. TOY SANITISER, when diluted to correct levels, may be left on surface, just ensure that the surface is dry before any oral contact can occur. If you wish to remove it, allow a minimum dwell time of 10 to 15 minutes and wipe off or rinse with fresh drinkable water.

\* Always mix a fresh batch of TOY SANITISER each day.

#### ACTIVE INGREDIENTS:

- 30g/L Quaternary ammonia compounds.

#### QUANTITY AVAILABLE and PRODUCT CODE:

- |            |         |            |          |
|------------|---------|------------|----------|
| • 5 Litre  | 4012043 | • 15 Litre | 40120425 |
| • 25 Litre | 4012042 | • 1 Litre  | 40120421 |

#### CHEMICAL HAZARD STATUS:

- Neutral – Product is neutral or near neutral and presents a minimal risk.

	IDEAL	GREAT	OKAY	NOT SUITABLE
Blood, urine, vomit			√	
Dirt & Grime			√	
Disinfection	√			
Dye, colours				√
Mould & Mildew		√		
Food & Drinks			√	
Oil, Grease, Fat, & Ink				√
Rust, Iron, Scale				√

\* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

#### A TIP FROM THE CHEMIST

TOY SANITISER non-rinse sanitiser is designed to give you a sanitary result when you spray it onto the surface. It is quick and simple to use, but due to its non-rinse, non-residual nature, it is a poor cleaner. Before sanitising give high soiled areas, in particular, a clean first, and then sanitise for peace of mind.
