FLOOR CARE

ANTI-FOAM

Industrial Foam Suppressant

Seals, Protects and Shines Whilst You Wash

ANTI-FOAM carpet de-foamer is ideally suited for the suppression of foam in all types of carpet and upholstery cleaning. ANTI-FOAM is also suitable for industrial applications where foam build-up can occur in pumping systems, settling tanks, systems where flow levels are high foaming develops. Foam levels may build-up in carpet extraction machines, pumps and agitators to unworkable levels. This can occur during the extraction phase. Foam is easily suppressed with the addition of ANTI-FOAM. Aeration damage to pump systems are abated once the foam has been removed.

FEATURES:

- Water soluble foam suppressing agent.

BENEFITS:

- Immediately defeats foam.

DIRECTIONS:

Carpet Extraction Units:

Add ANTI-FOAM to the waste water tank when foam is built-up. Start by adding approximately 5mls and stir lightly. If foam is still evident add another 5mls.

Industrial Applications:

Apply ANTI-FOAM by spray to the surface to be de-foamed.

ACTIVE INGREDIENTS:

- No Scheduled Ingredients.

QUANTITY AVAILABLE and PRODUCT CODE:

- 1 Litre 4051012
- 5 Litre 4051011
- 15 Litre

CHEMICAL HAZARD STATUS:

- Neutral – Product is neutral or near neutral and presents a minimal risk.

Dirt & Grime				√
Disinfection				√
Dye, colours				√
Mould & Mildew				√
Food & Drinks				√
Oil, Grease, Fat, & Ink				√
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Attack Foam where it is. ANTI-FOAM is most effective applied directly to foam. It will work okay when added to solutions as a preventative, but if possible, and for best results, apply directly to the foam.
