REMOVE & PROTECT

Black Mould Removal

Rids & Protects Paths, Driveways and Other Surfaces of Black Mould

REMOVE & PROTECT is a purpose built formulation for the removal of black mould. It will attack the mould, killing it quickly and enabling easy removal from footpaths, driveways, verandahs or anywhere else black mould grows. Once you have removed the mould the REMOVE & PROTECT will also provide a long lasting protection against the mould returning, meaning a good mould free surface and minimal work to keep it like that.

FEATURES:

- Black mould killing solution
- Black mould anti-regrowth feature

BENEFITS:

- Kills black mould on most surfaces
- Provides protection against the regrowth of black mould

DIRECTIONS

REMOVE & PROTECT is a concentrated product and a 5 Litre container can be diluted to make 50 litres of ready to use solution.

Application: Add 500ml of REMOVE & PROTECT to a 5 litre bottle and top it up with drinkable water. Simply add the REMOVE & PROTECT dilution to a spray bottle, sprayer or any sort of applicator. Apply REMOVE & PROTECT dilution to the black mould affected area. The mould will almost immediately begin to die and will turn a rusty brown colour whilst this is occurring. Allow between 30 minutes and 1 hour for REMOVE & PROTECT to work, then hose away the dead black mould.

ACTIVE INGREDIENTS:

- 175g/L Benzalkonium chloride

QUANTITY AVAILABLE and PRODUCT CODE:

- 5 Litre 4051077
- 25 Litre 4051076

CHEMICAL HAZARD STATUS:

- Mildly Acidic – Product is above pH 5.0. It may cause some irritation.

PRODUCT USAGE ADVICE

PRODUCT: REMOVE & PROTECT - Black Mould Remover

Product Usage and Application Advice

This section provides a general guide that will be highly useful to helping determine whether this product is suitable for your cleaning requirements. In some cases these tables may not be specific enough, in this case please contact a sales representative from B & J Chemicals or a distributor of the Desert Springs Australian range.

Cleaning Areas Suitability Table

	IDEAL	GREAT	OKAY	NOT SUITABLE
Bathrooms	√			
Carpet			√	
Floors	√			
Furniture			√	
Laundry			√	
Kitchen	√			
Vehicles			√	
Windows/ Mirrors			√	

Soiling Suitability Table

	IDEAL	GREAT	OKAY	NOT SUITABLE
Blood, urine, vomit			√	
Dirt & Grime			√	
Disinfection	√			
Dye, colours			√	
Mould & Mildew	√			
Food & Drinks			√	
Oil, Grease, Fat, & Ink			√	
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Patience is a virtue when using Remove & Protect. It will work and work very well but it needs at least an hour to work, perhaps longer. Once it has killed the black mould it will become obvious and then the mould will be ready to hose off.
