## STRIPPER

### Vinyl Floor Seal Stripper

#### Strips Floors of Top Coat and Base Coat Seals

STRIPPER is a heavy duty, non-ammoniated alkaline floor stripper suitable for stripping all types of floor seal. The aggressive stripping formulation of STRIPPER enables it to remove floors seals and base coats with ease. Using STRIPPER in your floor maintenance programme will save you time by removing old floor seals, dirt and grime leaving the floor clean and ready for sealing. STRIPPER is suitable for both manual and machine floor stripping.

#### FEATURES:

- Heavy duty vinyl stripping agents
- Non-ammoniated and non-flammable

#### BENEFITS:

- Delivers a completely clean strip of all types of vinyl seals
- Is much easier and safer to work with

#### DIRECTIONS:

##### Mop or Machine Application

Dilute STRIPPER into tank or mop bucket at a rate of 1 part STRIPPER to 10 parts hot water. Strip floor with machine and rinse with fresh water for best results. If using a mop to apply STRIPPER, mop floor and scrub with a mechanical buffer. Rinse mop several times ensuring all old seal is removed. Do not allow floor to dry during stripping operation.

##### Base Coat Stripping

To strip base coats with STRIPPER simply repeat the above procedure after stripping the top seals. On some floors once over may be enough to strip both base seals and top seals depending on the quality of the sealer application and the seal itself.

#### ACTIVE INGREDIENTS:

- 2-Butoxyethanol 130g/L.
- Sodium hydroxide 20g/L.

#### QUANTITY AVAILABLE and PRODUCT CODE:

- |            |         |             |          |
|------------|---------|-------------|----------|
| • 5 Litre  | 5851042 | • 25 Litre  | 58510415 |
| • 15 Litre | 5851041 | • 200 Litre | 58510425 |

#### CHEMICAL HAZARD STATUS:

- Alkaline – Product is above pH 9.5. It may cause irritation or burning.

Dirt & Grime		√		
Disinfection				√
Dye, colours		√		
Mould & Mildew		√		
Food & Drinks		√		
Oil, Grease, Fat, & Ink		√		
Rust, Iron, Scale			√	

\* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

#### A TIP FROM THE CHEMIST

STRIPPER is highly effective in most stripping situations. Sometimes high level build-up of seal can occur and it may be necessary to strip more than once. As long as you give the STRIPPER plenty of dwell time to work, without allowing it to dry and set, you will be guaranteed continuing excellent results.
