WINE RELEASE

Wine Stain Remover

Removes Wine Stains and Other Difficult Stains

WINE RELEASE is a specialised commercial wine stain remover designed for the removal of red and white wine stains and other difficult stains found in carpet, upholstery and also in laundry. Its clever formulation of cleansers, solvents and oxygen will actively attack and remove an array of challenging stains including; coffee, tea, soft drink, cordial, and some dyes. WINE RELEASE is also quite effective at the removal of most general types of stains that may be found in carpet, upholstery and laundry. WINE RELEASE is also ideal for use as a final treatment on difficult to remove stains as it is a very effective stain halo remover. Whilst WINE RELEASE is a concentrated and aggressive stain remover it is safe to use on most fabrics, and most coloureds and whites. It should always be tested before general use and a safe dilution rate determined before general use.

FEATURES:

- Hard working cleaners and solvent
- Active oxygen booster

BENEFITS:

- Remove wine stains and other difficult stains.

DIRECTIONS

Always test your solution of WINE RELEASE on an area of carpet or fabric before general use. To begin with, dilute WINE RELEASE 1 part with 10 parts water and apply solution to the stain using a spray or squeeze bottle. After a moments dwell time, agitate stain to release it. Rinse with fresh water dabbing with a towel or sponge. If too strong dilute solution further. If not effective, increase dilution rate and re-apply. If stains are still evident repeat the above process at a stronger dilution.

A TIP FROM THE CHEMIST

Whilst WINE RELEASE has been designed specifically for wine stains it is quite effective on most types of stains. Care should be used with delicate fabrics, but otherwise WINE RELEASE will be a very effective general stain remover.
