A.G.P.

Chlorinated Grease Cutting Powder

Strips Grease from Floors & Sanitises

A.G.P. is an alkaline cleaning powder with built-in sanitiser. It is an aggressive cleaner of grease, blood and bile. It is designed specifically for heavily soiled areas. A.G.P. is ideal for cleaning metallic (not aluminium) and concrete surfaces and is suitable for use all food preparation areas. It is particularly effective on most types of floors and in particular where there is a rough or porous surface.

FEATURES:

- Heavy duty alkaline cleansers
- Built in sanitiser

BENEFITS:

- Tears off grease, grime and oil
- Sanitises, killing bacteria and mould growth

DIRECTIONS

Heavy Cleaning:

Mix 50g A.G.P into 20Litres of water. Scrub surfaces with solution and rinse with potable water after use.

Floors:

Hose down surface to be cleaned and leave damp. Sprinkle A.G.P. over the soiled area and scrub with a stiff haired broom. Once grease and grime has been released hose surface down with potable (drinkable) water.

ACTIVE INGREDIENTS:

- 850g/kg Alkaline Salts
- 40g/kg Sodium dichloroisocyanuric acid.

QUANTITY AVAILABLE and PRODUCT CODE:

- 5 kg 4151011
- 25 kg 4151010

CHEMICAL HAZARD STATUS:

- Alkaline – Product pH is above 9.5 and may cause irritation or burning.

Mould & Mildew	√			
Food & Drinks	√			
Oil, Grease, Fat, & Ink	√			
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

When scrubbing with AGP it will turn a little milky in appearance, this is normal, however if it is excessive it means you have a high level build-up of grease or oil and you may need to repeat the cleaning process in that area.
