

PRODUCT DATA SHEET

DETERGENT SANITISER

Sink Detergent with Sanitiser

Wash Dishes and Kill Germs

DETERGENT SANITISER is a hard-working neutral pH sink detergent with added sanitiser. It is a phosphate free, biodegradable hand washing detergent. DETERGENT SANITISER is suitable for all kitchen wash-up applications. It has a blend of biodegradable surfactants to cut grease and grime and produce great foam levels. It's non-dye, non-perfume formulation makes it suitable for use in all food preparation areas. It can be used without the risk of contamination to food products. DETERGENT SANITISER is also a great general purpose cleaner for cleaning just about any surface without the risk of damaging it.

FEATURES:

- Neutral pH formulation
- Detergent builders
- Disinfectant

BENEFITS:

- Cleans whilst being gentle to delicate surfaces
- Lifts dirt and grime leaving dishes clean
- Kills germs whils you wash

Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Detergent Sanitiser is a neutral detergent making it safe for cleansing virtually all surfaces. It does not have to be used exclusively in the sink.
