

PRODUCT DATA SHEET

STEAMY

Foaming Detergent Cleaner

Cleans Blood and Fat, whilst it is Foaming

STEAMY is a general purpose foaming detergent designed for the food processing industry. STEAMY is great for cleaning in the toughest of situations, however, it contains no caustic and will not adversely effect soft metals or galvanised metal. This product has been formulated with a special combination of detergents to enable fat, blood and offal breakdown. Soiling will dissolve quickly and simply, making scrubbing and rinsing much easier and efficient. STEAMY will form a good long lasting foam enabling the product good penetration time on all surfaces. STEAMY contains no chlorine. STEAMY is suitable for use in all areas of the abattoir, on all types of metals and equipment. Viscera lines, boning rooms, chillers, floors, walls and wash bays can all be cleaned with STEAMY.

FEATURES:

- Heavy duty foaming detergent cleansers
- Non-caustic formulation

BENEFITS:

- Cuts blood, fat and grime
- Will not damage painted or metallic surfaces

DIRECTIONS:

Foam Cleaning:

To use STEAMY with a venturi foam applicator, use STEAMY neat or dilute 1 part STEAMY with 1 part water.

Manual Cleaning:

Dilute 1 part STEAMY with 120 parts water for light to medium soiling. For heavier soiling increase dilution rate to 1 part STEAMY with 80 parts water. Add to a bucket and use to scrub surfaces. Warm water is recommended, and gloves if using for a prolonged period of time.

ACTIVE INGREDIENTS:

- No Scheduled Ingredients.

QUANTITY AVAILABLE and PRODUCT CODE:

- | | | | |
|------------|---------|-------------|----------|
| • 5 Litre | 5801048 | • 15 Litre | 58010465 |
| • 25 Litre | 5801046 | • 200 Litre | 5801047 |

CHEMICAL HAZARD STATUS:

- Neutral – Product is neutral or near neutral and presents a minimal risk.

	IDEAL	GREAT	OKAY	NOT SUITABLE
Blood, urine, vomit	√			
Dirt & Grime	√			
Disinfection				√
Dye, colours		√		
Mould & Mildew		√		
Food & Drinks	√			
Oil, Grease, Fat, & Ink	√			
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Steamy works at its peak when it has been correctly foamed so it can hang on vertical surfaces for about 15 minutes. This enables adequate dwell time for sanitisation and soil breakdown.
