## DRAIN PURGE

Un-Blocks Drains without Residual Smells

### Clears Drains of Small Roots, Hair, and Paper.

DRAIN PURGE is a general purpose drain cleaning powder that will attack most types of blockages and free up your drains. DRAIN PURGE actively seeks out blockages and reduces them to a more liquid like enabling a flush of water to remove the obstacle. After using DRAIN PURGE there is no lingering odour to deal with. DRAIN PURGE can be used as a one-off cleaning compound or as a part of a drain maintenance programme. It is useful for eliminating odours in motel and hotel drains where lingering odours can be a problem. DRAIN PURGE is also great for unblocking drains in kitchens in restaurants, cafes, and in the home, food processing areas or anywhere where there are large quantities of grease, oil and fat. Once you have cleaned your drain with DRAIN PURGE it will be free to work at maximum capacity again. Your drain will no longer smell and hold harmful odour causing bacteria.

#### FEATURES:

- Hard working matter digestion power

#### BENEFITS:

- Rids drains of foreign matter and frees them up no smells

#### DIRECTIONS:

Read Safety Instructions.

**DRAIN CLEANING** Dilute a 200g to 250g into approximately 600ml to 750mls of water. Mix carefully as solution will react and produce heat. Pour solution down drain and allow 10 to 15 minutes to react with blockage. Flush through with water.

Alternatively you can pour the powder down the drain and carefully flush through with water. Repeat process if necessary. Do not allow DRAIN PURGE to come into contact with aluminium.

**DRAIN MAINTENANCE** Pour 30g to 50g of DRAIN PURGE into drain allow 10 to 15 minutes to work and flush with water. Perform weekly, fortnightly or monthly depending on the drain odour or blockage problem.

#### ACTIVE INGREDIENTS:

- 700g/L Sodium hydroxide

#### QUANTITY AVAILABLE and PRODUCT CODE:

- |         |          |         |         |
|---------|----------|---------|---------|
| • 5 kg  | 40411352 | • 20 kg | 4041135 |
| • 10 kg | 40411351 |         |         |

#### CHEMICAL HAZARD STATUS:

- Alkaline – Product has a pH greater than 9.5, it will cause irritation and burning.
