P.T.S.

Portable Toilet Sanitiser

Breaks Down Sewage and Sanitises in Portable Toilets

P.T.S. portable toilet sanitiser is a concentrated toilet waste and odour neutralizing agent. P.T.S. reacts quickly to render all waste liquid and therefore disposable, whilst killing unpleasant odours. Odours, unwanted bacteria and solids are broken down and controlled with P.T.S. In addition to portable toilets, P.T.S. can be added to recirculating toilet systems, fresh water toilets and grease traps.

FEATURES:

- Sewage breakdown agents
- Disinfectants and Air Deodorants

BENEFITS:

- Fluid effluent for easy management
- Great odour control

DIRECTIONS:

Portable Toilets: Pour 150mls of P.T.S. into the fresh water holding tank.

Recirculating Toilet Systems: Add 200mls of P.T.S. for initial charge, top up as required with 50 - 100 mls.

Fresh Water Toilets: Add 150mls of P.T.S. per 45 litres capacity.

Grease Traps: Pour 200mls of P.T.S. into grease trap and leave for 24 hours. Apply more P.T.S. if odour persists.

ACTIVE INGREDIENTS:

- 968 g/L Formaldehyde.

QUANTITY AVAILABLE and PRODUCT CODE:

- 5 Litres 4031005
- 25 Litres 4031004

CHEMICAL HAZARD STATUS:

- Alkaline – Product is above pH 9.5. It may cause irritation or burning.

Mould & Mildew	√			
Food & Drinks	√			
Oil, Grease, Fat, & Ink	√			
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

P.T.S. is a hard working formulation that gets results. It unfortunately can be a little unpleasant to work with. If this is a problem you may wish to try a more environmentally friendly version called P.T.S. Enviro.
