P.T.S. ENVIRO

Portable Toilet Sanitiser

Breaks Down Sewage and Sanitises in Portable Toilets

P.T.S. ENVIRO environmental portable toilet sanitiser is a concentrated toilet waste and odour neutralizing agent. It has been designed to be a much more environmentally friendly portable sanitising solution than other products. P.T.S. ENVIRO reacts quickly to render all waste liquid and therefore disposable, whilst killing unpleasant odours. Odours, unwanted bacteria and solids are broken down and controlled with P.T.S. ENVIRO. In addition to portable toilets, P.T.S. ENVIRO can be added to recirculating toilet systems, fresh water toilets and grease traps.

FEATURES:

- Sewage breakdown agents
- Disinfectants and Air Deodorants

A TIP FROM THE CHEMIST

P.T.S. Enviro is a hard working environmentally friendly formulation which is much less hazardous to work with and safer to the environment. Sometimes, however you may find it is a little inadequate in high demand situations, if this is the case you should use P.T.S.
