HOUSEKEEPING

SHOWER & MOULD

The Natural Collection Shower Cleanser & Mould Remover

Removes Mould, Grime and Scale from Showers & Bathrooms

The Natural Collection is a series of cleaning chemicals that have been developed with specific cleaning performance and environmental goals in mind. This range of cleaners which covers most cleaning applications, has been built from naturally occurring, regenerative ingredients that have been developed from renewable natural resources. These products are readily biodegradable and utilise naturally occurring acids, sanitisers and solvents including the popular citrus solvent, d-Limonene. All products in the natural collection have been blended on a base of fresh pure rain water and are fragranced, to produce pleasant fresh notes, with essential oils.

SHOWER & MOULD combines a range of naturally occurring ingredients to produce a hard working, high performance concentrated toilet and bathroom cleaner. SHOWER & MOULD is an effective cleaning compound that will clean and rid bathrooms, showers, and washrooms of mould grime and body fats. It will remove dirt, grime and mould which have built up in these areas whilst killing unwanted germs and controlling scale and rust. SHOWER & MOULD is suitable for cleaning bathrooms, showers and toilets in hotel and motel rooms, nursing homes, schools, hospitals, child care centres and domestic applications.

DIRECTIONS:

Spray and Wipe: Add 50mls SHOWER & MOULD to a 750ml trigger spray bottle and top up with water. Spray onto surface to be cleaned and wipe off, or rinse with clean water.
Mopping and General Cleaning: Dilute SHOWER & MOULD 1 part with 80 parts warm water for mopping floors or cleaning walls. Rinse with clean water after mopping.
Toilets and Urinals: Add 350mls SHOWER & MOULD to a 750ml trigger spray bottle and top up with water. Spray onto surface, allow a few minutes to work, scrub and rinse off with water.

ACTIVE INGREDIENTS:

- d-Limonene 30g/L.
- 2-hydroxy-1,2,3-propanetricarboxylic acid 50g/L

QUANTITY AVAILABLE and PRODUCT CODE:

- 1 Litre 5831093
- 5 Litre 5831092
- 15 Litre 5831091

CHEMICAL HAZARD STATUS:

- Acid – Product has a pH of less than 5.5, the natural acids may cause irritation and burning.

Rust, Iron, Scale	√			

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Shower & Mould will give you outstanding streak free results in the bathroom if you give it a brief dwell time, agitate it and rinse the solution away with fresh warm water.
