

PRODUCT DATA SHEET

SPRAY & WIPE

The Natural Collection **Hard Surface Cleaner**

Removes Grease, Grime and Oil from Hard Surfaces with Ease

The Natural Collection is a series of cleaning chemicals that have been developed with specific cleaning performance and environmental goals in mind. This range of cleaners which covers most cleaning applications, has been built from naturally occurring, regenerative ingredients that have been developed from renewable natural resources. These products are readily biodegradable and utilise naturally occurring acids, essential oils, surfactants, and solvents including the popular citrus solvent, d-Limonene. All products in the natural collection have been blended on a base of fresh pure rain water and are fragranced, to produce pleasant fresh notes, with essential oils.

SPRAY & WIPE combines a range of naturally occurring ingredients to produce a hard working, high performance concentrated general purpose cleaner. SPRAY & WIPE is great for use as a hard surface cleaner in commercial and domestic situations. It will readily remove grease and grime from walls, floors, and benches in kitchens, bathrooms and food service areas. SPRAY & WIPE can be used in a mop bucket, as a spray and wipe surface cleaner. SPRAY & WIPE is ideal for removal of grease and oil stains in laundry and from carpets. It can also be used as an engine degreaser.

DIRECTIONS:

Spray and Wipe: Dilute up to 1 part SPRAY & WIPE to 20 parts water for regular soiling. For heavily soiled areas use SPRAY & WIPE 1 part with 10 parts water. SPRAY & WIPE can be used neat or diluted in equal parts for extra heavy soiling.

Mopping: Dilute 1 part SPRAY & WIPE with 100 parts hot water. In heavier conditions dilute 1 part SPRAY & WIPE with 80 parts water. Mop floor and squeegee dry. For best results, mop the floor with a generous amount of solution and allow time to act. Rinse mop solution with fresh hot water to leave a streak free finish and an increased re-soiling time.

ACTIVE INGREDIENTS:

- d-Limonene 50g/L

QUANTITY AVAILABLE and PRODUCT CODE:

- 1 Litre 5831089
- 5 Litre 5831088
- 15 Litre 5831087

CHEMICAL HAZARD STATUS:

- Mildly Alkaline – Product is below pH 9.5. It may cause some minor irritation.

Disinfection				√
Dye, colours		√		
Mould & Mildew		√		
Food & Drinks	√			
Oil, Grease, Fat, & Ink	√			
Rust, Iron, Scale			√	

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Spray & Wipe is a powerful cleaner that performs exceedingly well. Be careful not to use it at too high a concentration as it may streak. When mopping with Spray & Wipe you will get better streak-free results if you rinse mop with warm fresh water or squeegee the floor dry.
