DEFENDER

Aromatic Essential Oil Deodourant Repellant & Mould Inhibitor

Cleans, Sanitises, Inhibits Mould and Repels Insects

A triple purpose liquid formula, excellent hard surface cleaner and counteractant. The specially selected aromatic essential oils incorporated in the formula provide long lasting residual fragrance that; sanitises, inhibits mould growth and helps to repel insect pests. DEFENDER may be used anywhere there are noxious odours - effective in combating odours in toilets, outdoor eating areas, commercial areas veterinary clinics, etc. It is also effective at repelling insects particularly in food areas. It is applied surfaces such as chairs and tabletops and left as a residual repellant. DEFENDER also provides useful protection against mould, preventing its return for much long periods of time. Once cleaned down and mould has been removed, DEFENDER is applied to mould prone surfaces and left as a residual protection. It is ideal for wet areas in bathrooms, coolrooms, kitchens and refrigeration units.

A TIP FROM THE CHEMIST

Defender is a product that works and keeps on working. To maximise its long term viability it is important not to rinse after cleaning or dosing with Defender to ensure a residual active remains behind on the desired surface.
