

# PRODUCT DATA SHEET

## OVEN WHIRL

### Automatic Self-Cleaning Oven Cleaner

#### Cleans Automatic Self Cleansing Ovens with Ease

OVEN WHIRL is a non-alkaline detergent oven cleaner that is designed for use in automatically dispensed self cleaning ovens. This formulation has been designed to aggressively emulsify oils, grease, grime and remove burnt-on food from the interiors of self cleaning ovens. It is suitable for commercial convection and combi type ovens. When used with Sparkle self cleaning oven rinse aid the already cleaned surfaces will sparkle.

We recommend the use of OVEN WHIRL oven cleanser for self cleaning ovens with Centurion Chemicals self cleaning oven rinse aid; OVEN SPARKLE.

#### FEATURES:

- Aggressive non-corrosive cleaners
- High penetrating dirt breaking action

#### BENEFITS:

- Protects the equipment whilst cleaning
- Breaks down grease and cooking grime for a fantastic clean

#### DIRECTIONS:

**Automatic Self Cleaners:** Attach the container of OVEN WHIRL to the designated detergent suction hose on the oven. Start the self cleaning process. For calibration information talk to your chemical supplier.

#### Manual Feed

Add 35-45ml per 30L tank capacity machine. For differing size machines adjust rate proportionately.

#### Automatic Feed

Please contact a Centurion Chemicals sales representative for installation.

#### ACTIVE INGREDIENTS:

- No Scheduled ingredients

#### QUANTITY AVAILABLE and PRODUCT CODE:

- |            |         |             |          |
|------------|---------|-------------|----------|
| • 5 Litre  | 5842006 | • 15 Litre  | 5842007  |
| • 25 Litre | 5842005 | • 200 Litre | 58420065 |

#### CHEMICAL HAZARD STATUS:

- Mildly Alkaline – Product is below pH 9.5. It may cause some irritation.

Mould & Mildew		√		
Food & Drinks	√			
Oil, Grease, Fat, & Ink	√			
Rust, Iron, Scale		√		

\* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

#### A TIP FROM THE CHEMIST

Oven Whirl works well when used in accordance with the directions. Overdosing it can cause problems to the inside of the oven, particularly a detergent residue build-up.
