Mould & Mildew			√	
Food & Drinks	√			
Oil, Grease, Fat, & Ink		√		
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

When laundering with powders always pre-dissolve them. Whilst Laundry Powder Plus will perform very well in cold water, all laundry detergents work best in warmer water. Also, for best results be careful not to overload the washing machine.
