LAUNDRY SOAKER

HEAVY DUTY SOAKER AND LAUNDRY DETERGENT

Removes Stains, Bleaches Coloured and Whites

LAUNDRY SOAKER is suitable for use in commercial laundries, household laundries and hotels and motels. LAUNDRY SOAKER is a premium quality heavy duty laundry soaker and detergent suitable soaking away the most stubborn stains. It will attack oil, grease, grime, food, blood, protein and ink stains in most types of fabric with ease, releasing them and removing them. The inbuilt oxygen bleach follows through aafter the stains have been removed and will give whites and colours a brilliant new look. LAUNDRY SOAKER will also work great as a laundry powder particularly when your washing requires a heavy duty detergent.

FEATURES:

- Agressive cleaning and stain removal compounds
- Oxygen Safety bleach

BENEFITS:

- Stains are attack and removed
- Whites and coloureds are brightened

DIRECTIONS

LAUNDRY SOAKER is designed to work in cold and hot water. However, for best results on stubborn stains use water with temperature in excess of 40deg C.

HOUSEHOLD: For general laundry add a third of a cup to half a cup of LAUNDRY SOAKER per load.

COMMERCIAL: Use 100g to 130g of LAUNDRY SOAKER per 5kg of laundry to be washed. Soak soiled garments for a one to two hours, longer if possible. Remove and wash in machine. Repeat process if staining persists.

Caution should be used on delicate fabrics.

ACTIVE INGREDIENTS:

- >900g/kg Alkaline Salts.

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

LAUNDRY SOAKER will activate in cold water. This feature is useful when you are unsure of the stain and want try to remove it without the risk of locking it in with a hot water treatment. When you are confident that you can release the stain, revert back to hot water, as it will work best.
