

PRODUCT DATA SHEET

LAUNDRY

NATIVE

Liquid Laundry Soap

Emulsifies Soil and Rids Clothes of Stains

NATIVE is liquid laundry soap which can be used as a liquid laundry detergent or an emulsifier of heavy duty laundry powders. It is ideally suited for the removal of dirt and grass stains, however it is a great general purpose liquid laundry soap. It is also a very good emulsifier which means it can be used in conjunction with highly active heavy duty laundry powders. NATIVE will mix with these powders to help them lift and separate difficult staining in the wash.

FEATURES:

- Phosphate free
- Liquid soap emulsion technology

BENEFITS:

- Waterways are protected
- Great laundry boost and grass stain removal

DIRECTIONS

Household Laundry: For general laundry add one third of a cup to half a cup of NATIVE per load.

Commercial Laundries: For regular soiling use 100ml of NATIVE for every 5kg of dry laundry to be washed. For heavy soiling increase amount of NATIVE to 130ml for every 5kg of dry laundry.

Emulsifying: For every 5kg of dry laundry add 60-100mls of NATIVE to the wash in addition to the recommended rate of the heavy duty laundry powder. For example: GOLIATH, NEW IMAGE or TROJAN.

ACTIVE INGREDIENTS:

- No Scheduled Ingredients.

QUANTITY AVAILABLE and PRODUCT CODE:

- 5 L 4061009
- 25 L 4061008

CHEMICAL HAZARD STATUS:

- Neutral – Product (diluted) is neutral or near neutral and presents a minimal risk.

Food & Drinks	√			
Oil, Grease, Fat, & Ink		√		
Rust, Iron, Scale			√	

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Whilst Native is quite an effective natural liquid soap formula with its stain release abilities, it is best used in conjunction with other products as a boost to make them function better. Particularly where there is heavy soiling.
