

PRODUCT DATA SHEET

LAUNDRY

SWEET BREEZE

Laundry De-Odouriser and Sanitiser

Produces a Fresh and Sanitised Laundry

SWEET BREEZE laundry de-odouriser and sanitiser is a formulation designed to be added to the final rinse of the wash cycle to kill bacteria and leave a fresh fragrance in the fabric. SWEET BREEZE will freshen up your laundry and sanitise your wash at the same time. SWEET BREEZE is ideally suited for laundering situations where it is important to complete the laundering process with a bacterial purge. Institutional washing, healthcare and childcare organisations will benefit from this process, particularly when heat sanitation is not possible. When using SWEET BREEZE the laundry is not only sanitised but softened and de-odourised as well.

FEATURES:

- Hard working sanitisers
- Pleasant de-odouriser

BENEFITS:

- A sanitised laundry
- Fresh, soft and pleasant smelling laundered fabric

DIRECTIONS:

Add SWEET BREEZE to the final rinse cycle. In domestic machines add to the fabric conditioner dispenser. In commercial machines add to the fabric conditioner hopper or dose automatically with a On-premise laundry pump system.

Domestic Machines: Add 25-30mls per load.

Commercial Machines: For every 10kg of laundry add 35mls.

ACTIVE INGREDIENTS:

- 40g/L Quaternary Ammonium Compounds.

QUANTITY AVAILABLE and PRODUCT CODE:

- | | | | |
|-------------|---------|--------------|----------|
| • 5 Litres | 4061051 | • 15 Litres | 40610505 |
| • 25 Litres | 4061050 | • 200 Litres | 40610515 |

CHEMICAL HAZARD STATUS:

- Neutral – Product (diluted) is neutral or near neutral and presents a minimal risk.

Mould & Mildew		√		
Food & Drinks				√
Oil, Grease, Fat, & Ink				√
Rust, Iron, Scale				√

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

To ensure on-going satisfactory sanitation it is important to establish and maintain a laundry procedure that will keep the laundered garments as sanitary as is possible. This should include the washing process and the addition of SWEET BREEZE to the final rinse, but also include a suitable procedure for drying and storage.
