STAIN REMOVER

The Natural Collection Pre-Wash Spot Spray

Attacks and Removes General Laundry Stains

The Natural Collection is a series of cleaning chemicals that have been developed with specific cleaning performance and environmental goals in mind. This range of cleaners which covers most cleaning applications, has been built from naturally occurring, regenerative ingredients that have been developed from renewable natural resources. These products are readily biodegradable and utilise naturally occurring acids, essential oils, surfactants and solvents including the popular citrus solvent, d-Limonene. All products in the natural collection have been blended on a base of fresh pure rain water and are fragranced, to produce pleasant fresh notes, with essential oils.

STAIN REMOVER is a general purpose stain removing formulation, made from naturally available ingredients, specifically designed to remove most types of staining from most types of fabric. It is a great asset in the laundry as it actively works to dissolve grease, grime, food stains, fats, beverages, proteinaceous stains, and many others. STAIN REMOVER will penetrate into the stain to release it from most types of fabric making an ideal accompaniment to the laundering process.

DIRECTIONS:

Dilute STAIN REMOVER 1 part with 10 parts water. For heavy stains dilution ratio may be reduced. Add solution to an atomizer and spray onto stained area. Leave a few minutes, but do allow to dry, place clothing into wash. For stubborn stains brush with a nail brush to help loosen grime. Rinse and repeat if necessary.

ACTIVE INGREDIENTS:

- 20g/L d-Limonene

QUANTITY AVAILABLE and PRODUCT CODE:

- | | | | |
|------------|----------|-------------|----------|
| • 5 Litre | 5861106 | • 15 Litre | 5861105 |
| • 25 Litre | 58611055 | • 200 Litre | 58611065 |

CHEMICAL HAZARD STATUS:

- Mildly Alkaline – Product is below pH 9.5. It may cause some mild irritation.

| Kitchen | | √ | | |
| Vehicles | √ | | | |
| Windows/ Mirrors | | | √ | |

Soiling Suitability Table

| | IDEAL | GREAT | OKAY | NOT SUITABLE |
|-------------------------|-------|-------|------|--------------|
| Blood, urine, vomit | | √ | | |
| Dirt & Grime | √ | | | |
| Disinfection | | | | √ |
| Dye, colours | | √ | | |
| Mould & Mildew | √ | | | |
| Food & Drinks | √ | | | |
| Oil, Grease, Fat, & Ink | √ | | | |
| Rust, Iron, Scale | | | √ | |

* Caution: Care should always be taken when applying a product to a cleaning situation for the first time.

A TIP FROM THE CHEMIST

Stain Remover works best given a little dwell time, but it is really important not to leave it too long and allow it to dry out before you wash or soak the stained garment. Drying out will set the stain and make it very difficult to remove.
